

ORANGEHUB
ENGINEERING LIMITED

ENGINEERING TECHNOLOGY FOR SMARTER INFRASTRUCTURE

Technology, engineering and infrastructure solutions for businesses, institutions and public sector organisations.

ENGINEERING • TECHNOLOGY • INFRASTRUCTURE

BUILDING TECHNOLOGY THAT WORKS IN THE REAL WORLD.

OrangeHub Engineering Limited is a Nigerian engineering and technology company delivering practical solutions across security, energy, digital technology and smart infrastructure.

From intelligent surveillance and solar power systems to digital platforms, websites and traffic management solutions, we combine engineering expertise with modern technology to solve real operational challenges.

Our experience spans private businesses, institutions, organisations and public sector engagements, supported by partnerships across multiple technology and engineering ecosystems.

WHAT WE DO

SMART SECURITY

- CCTV
- Surveillance
- Access Control
- Biometric Systems
- Monitoring

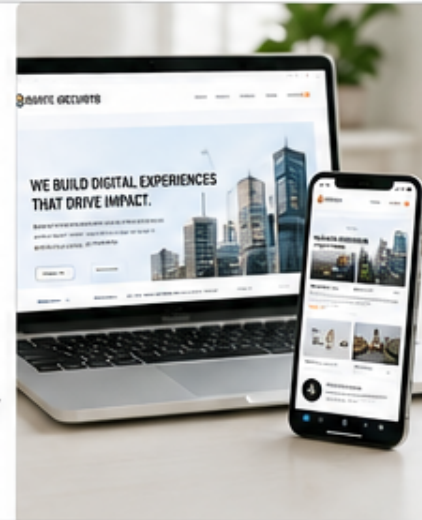

ENERGY

- Solar Power
- Lithium Storage
- Inverters
- Energy Systems
- Backup Power

DIGITAL

- Websites
- Web Applications
- Digital Platforms
- Education Technology
- Business Systems

SMART INFRASTRUCTURE

- Traffic Management
- Solar Traffic Systems
- Smart Bus Shelters
- Connected Infrastructure
- Engineering Solutions

500+ kVA

Solar capacity delivered

1,000s

Security cameras installed

100s

Websites built

Experienced across private enterprise, institutions and government engagements.

FROM CONCEPT TO DEPLOYMENT.

End-to-end engineering and technology solutions designed, integrated and deployed for real operational environments.

SECURITY

Intelligent Security Systems

Advanced surveillance, access control and monitoring solutions for safer Spaces.

Bullet Camera

Dome Camera

PTZ Camera

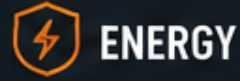

Solar Powered Camera

AI / Network Camera

NVR / Control Room

ENERGY

Solar & Energy Systems

Reliable power generation and intelligent energy storage for continuous performance.

Solar Panels

Rooftop Installation

Ground Mounted System

Hybrid Inverter

Lithium Battery

Battery Cabinet

Electrical Protection

Installation Team

DIGITAL

Digital Products & Platforms

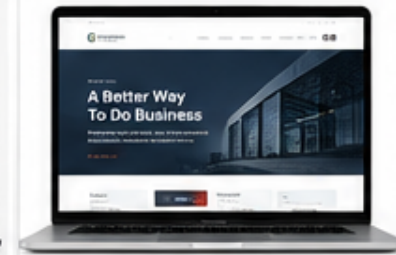

Digital experiences, websites and platforms designed to connect organisations with the people they serve.
